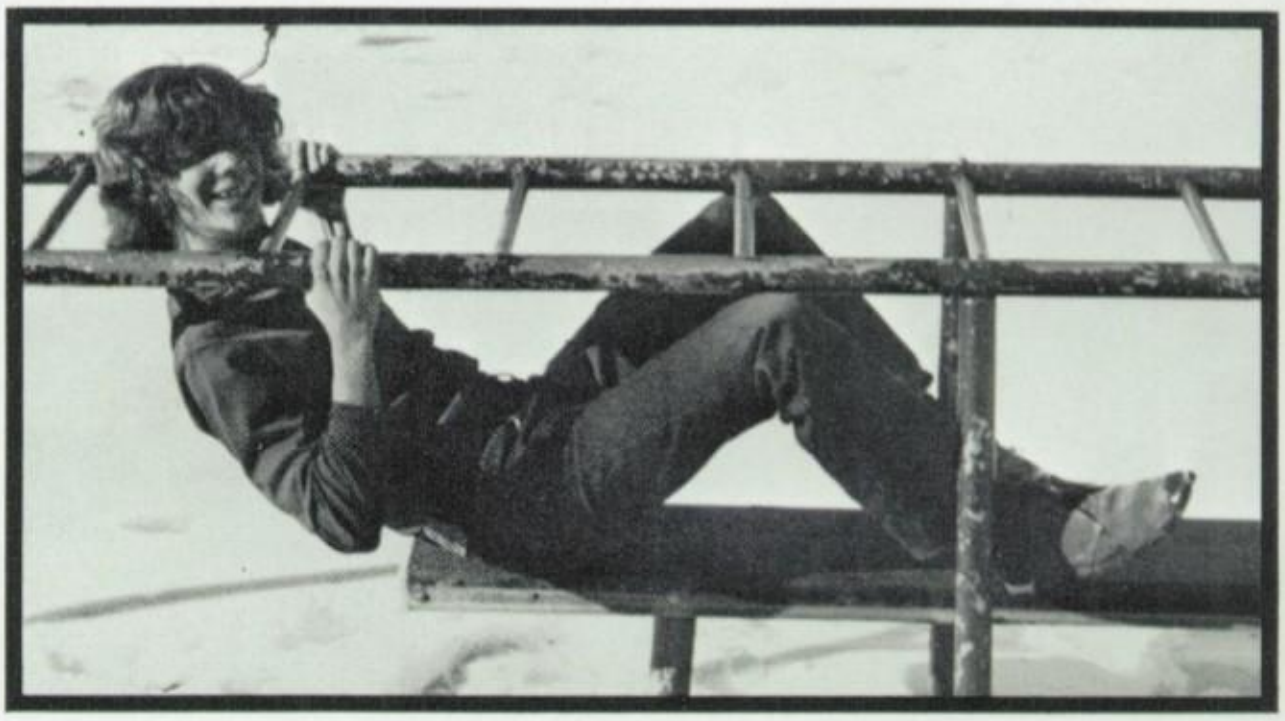
Key Club is run by our
great leader Sam,
He's got the answer to
any bad jam.
Sam always smiles and
never is blue,
He was the Junior class
president, too.
Regarding the above, we
just have to say
Sam's one of the neatest
people in the whole
U. S. A.



Carla is always involved in a Pep Club
meeting,
Her optimistic attitude shows in her
friendly greeting.
She cares a great deal about her
fellow man,
And is definitely a real live Farmer
fan.
Involved in Senate and Girls' State,
Has helped prove that she's first
rate.

Doug has his own "Campbell's
Critters" fan club,
When it comes to activities he is
always the hub.
He has been in royalty at numer-
ous dances,
And when it comes to leadership,
he makes the advances.
Just in case you haven't heard,
The first day of school he dressed
as a "nerd".
Young Life, Senate and basketball
too,
Yes, Mr. Campbell, we'll always
love you!

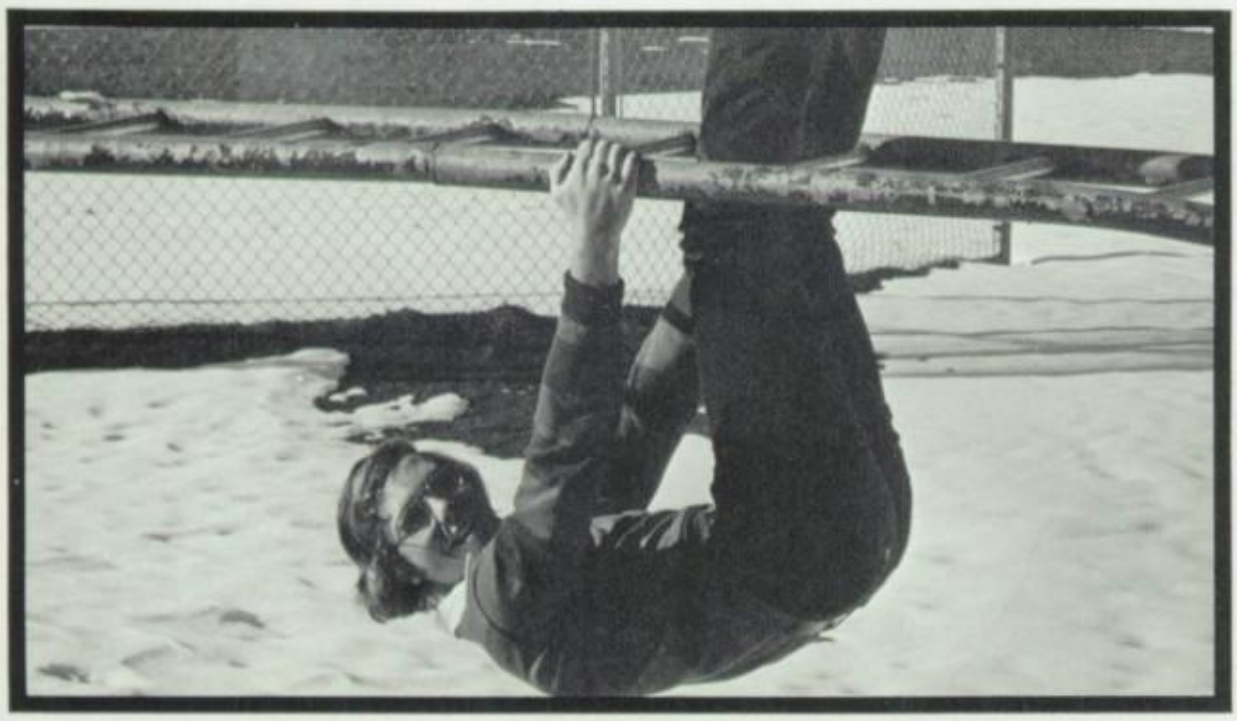
Kevin, the very remarkable young man,
Is bound to have a long, happy life span.
When one is low and filled with despair,
They can count on his wit, it's always
there.
On his guitar he plays many songs,
But in his heart the mountain life belongs.

Now we've got to warn ya
About a girl named Lorna.
She sings beautifully and loves to act,
Excells in scholarship and, in fact,
Has helped make 1976 a fantastic year
indeed.
There is no doubt she'll always succeed.

Tina's a pleasure to be around
Her friendly smiles with warmth
abound.
Tina's talents are many and have
been cheered
In plays and Singers when she's
appeared.
She's worked for her class with a
great deal of zest
That's helped make her rate as one
of the best.

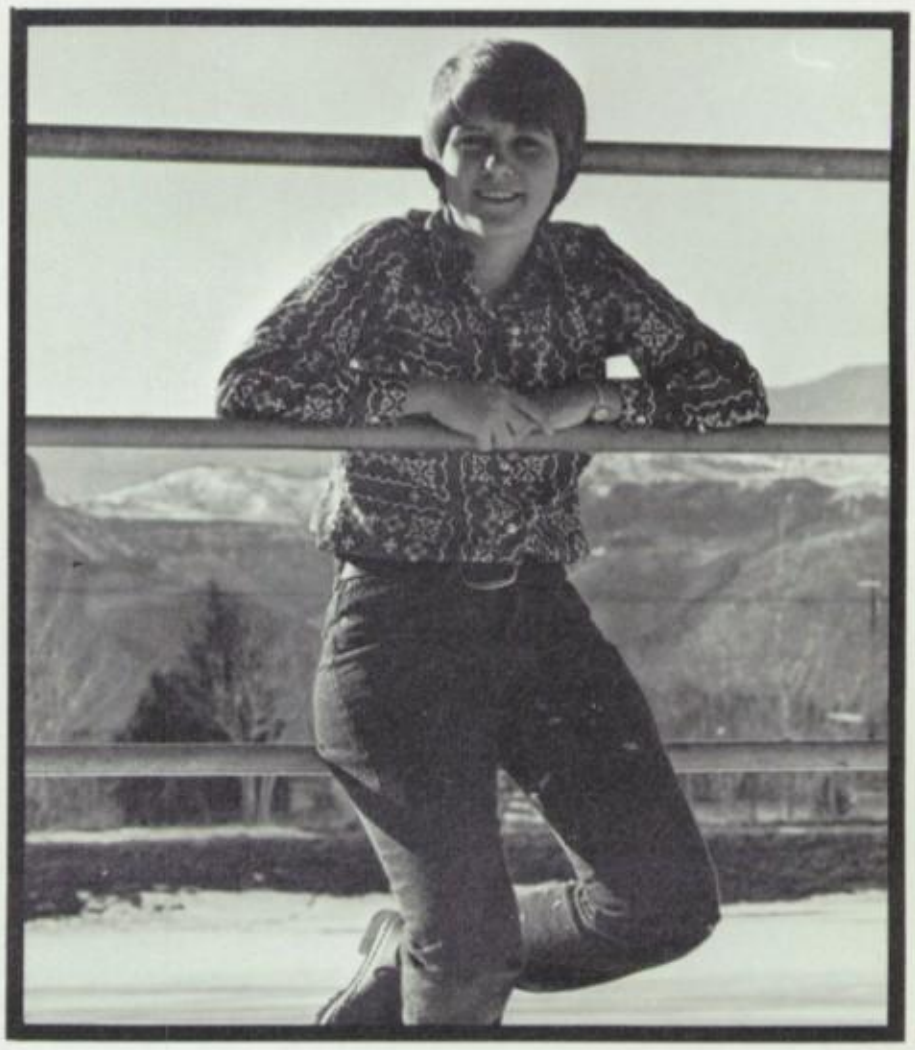
There once was a girl named Shannon,
Behind the lines she worked like a cannon.
A Farmer's Daughter, Yearbook Ed. and
mountaineer extrodernaire,
When there's work to be done she's always
there.
No humbler found, no shorter around,
A salute to this girl named Shannon.

At 6' 4" Joe stands up tall,
He has extended his friendship to us all.
An active member of the band,
He is always ready to lend a hand.
Joe speaks out when no one else dares,
It is nice to know that someone cares.



Even without a bribe of
money,
Gary agreed to be the
Farmer's Daughters
Honey.
He gives everything his
great supports,
And participates actively
in 2 different sports.
Whether at school or play-
ing the guitar,
It is definitely certain that
he will go far.

'76 SUPERLATIVES



When a leader is needed we turn to Pat,
Who's always involved doing this or that.
She wears many hats with a great deal of flair,
Whether sports, band or Senate--she's always there.
Farmer's Daughters, Banner staff and Yearbook Chief
The things she's accomplished challenge belief.
A definite asset to our school,
Friend to many---we think she's cool!

Steve is our resident athlete,
His sportsmanship can't be beat.
He is one of Key Club's active members,
And throughout the year he always remembers,
All of the great times and things we've done,
To help make our high school career a memorable one.

A basketball player and pom pom girl,
Cathy's left us all in a swirl.
She worked all last year as the Junior Vice President,
She's at school so often, people think she's a resident.
We can kid about her and yet,
Cathy is one of the best you can get.

OTHER OUTSTANDING FARMERS

The energy and dedication of the Wheat Ridge students does not stop when they leave the building. Their talents and interests outside the school span a wide variety of activities. The AGRARIAN believes that a school is not an isolated island in a city, rather is an intregal part of the community. Therefore we would like to present a sampling of those students who through their assorted talents and dedication are contributing to the community or excelling in activities other than the typical school functions.

Unfortunately, time and space does not permit us to discuss everyone, but we hope by acknowledging a few of these special people we can emphaize the fact that the WRHS student population greatly contributes to the world and community beyond our building.

Rand Kannenberg is an organizer extraordinar. Numerous times Rand has organized activities to entertain special groups, such as senior citizens, physically handicapped students and even hospitalized friends. But Rand's energies do not stop at entertainment. Through his efforts large sumes of money have been raised for a variety of causes, including a wheel chair playground for Fletcher Miller School. The AGRARIAN thanks Rand and his friends who have helped him and honored WRHS.

Two other extraordinary students are Lonnie Hanson and Lisa Frees. Lonnie is already established as a professional clown magician. He also works behind the scenes as a make-up specialist for an advertising agency and a costume company. Lonnie has excelled in something you could never learn in school. Congradulations, clown.

Lisa Frees is also excellent. Excellent looking. In fact, she recently won the Wheat Ridge-Lakeside Jr. Miss title. Congradulations to Lisa for not only contributing beauty, but spirit and sportsmanship while she serves as cheerleader and

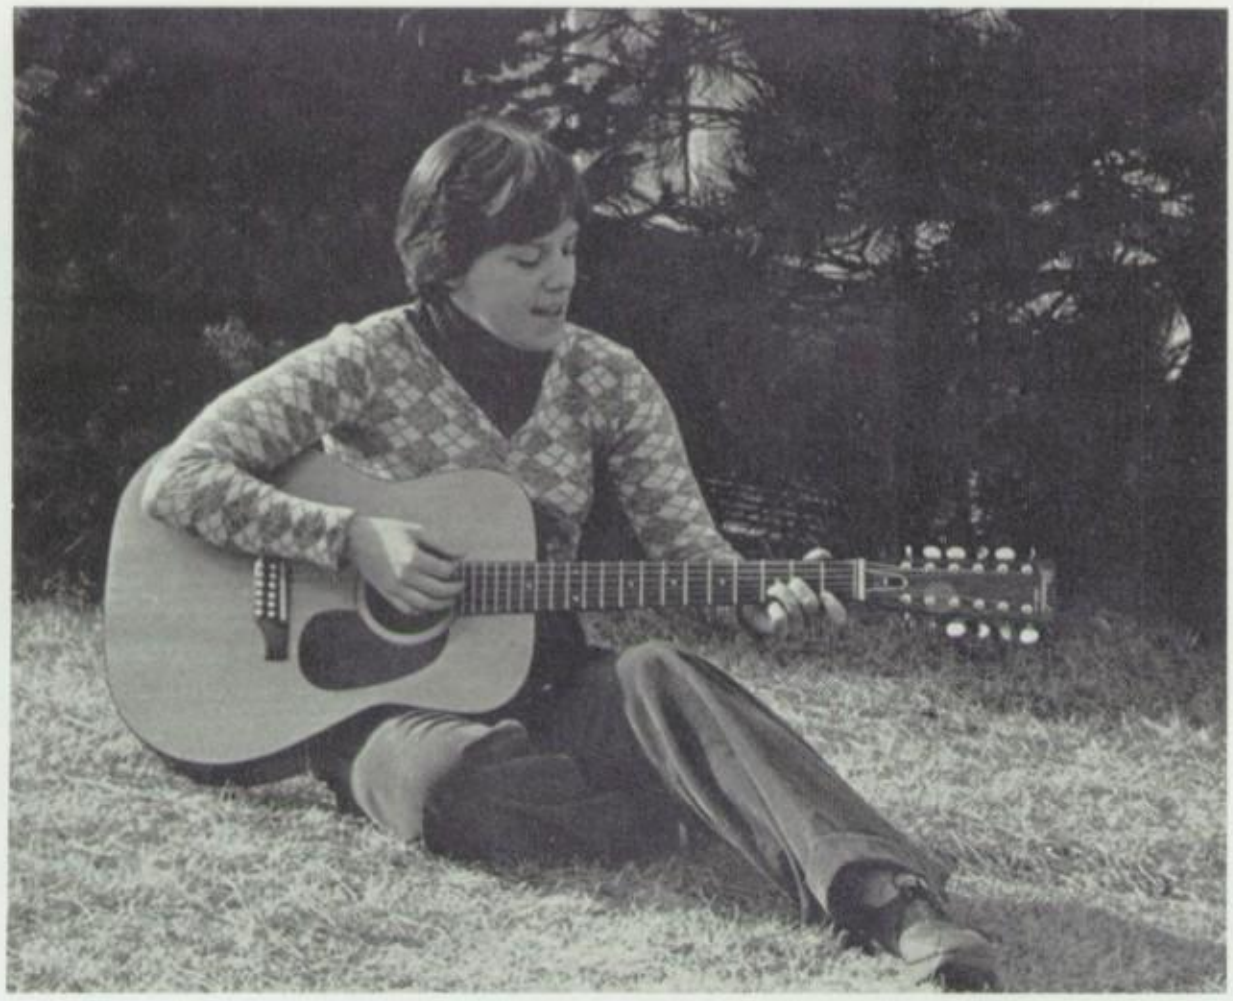
Colleen Zimmerman Gives It To You Your Way

According to our counselors over 50% of our student body have after school jobs. The Agrarian salutes those students who not only excel in academics but have entered the working world. The variety of jobs is endless. Wheat Ridge students work as clerks, cooks, waitresses, baggers, gas jockies, mechanics, farm workers, nursery workers, laborers, printers, welders, carpenders, actors, musicians, we even have a Kendo instructer. Hats off to you working students and maybe you could loan us a couple bucks till Tues.

Athletics do not stop at football and basketball. WR's young people excel at these sports but we also have many excellent athletes in nonschool sports. Our students compete in events as well known and popular as skiing and as rare and exotic as Kendo. Sandy Spencer has proven his excellence in Alpine skiing. Shana Brown, as well as many others, likewise show WRHS's depth in this sport.

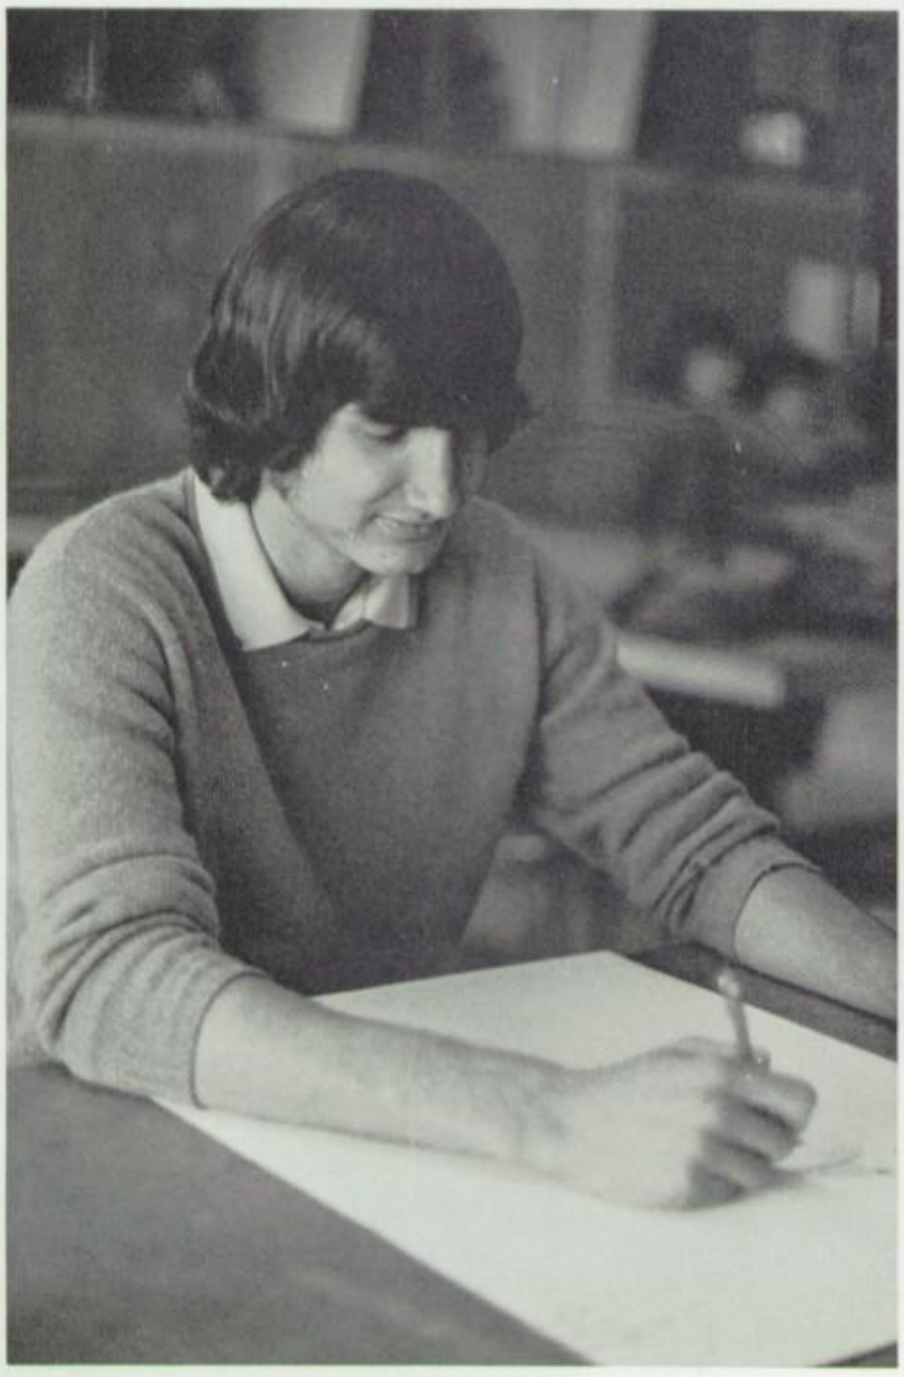
Ski Racer
Sandy Spencer

Mark Uchida has earned excellence is a lesser known but equally exciting sport of Kendo. Keeping alive family tradition, Mark follows in the footsteps of his great great grandfather who was a Samurai. Kendo is the art of Japanese sword fighting. Mark has earned a first degree black belt and is also an instructor in this fast and difficult sport. He has won honors in national meets.



Judy Rayburn Sings For March Of Dimes

Wheat Ridge also has many young people who have proven themselves in the arts. Many students work as professional musicians Judy Rayburn is one outstanding such pupil. She's not only an accomplished musician but is a published song writer. Her song was published for a March of Dimes slide show on birth defects. Blair Hamil is an extraordinary painter and has recently won first place in an art contest run by The Denver Post. Blair also has two works in the New York finals of Scholastic Arts.



John Schlipf artistically won the Region IV Linclon National Arc Welding Awards with his wroughtiron table and six chairs.

GEORGE QUITS POLITICS. It is a little known fact our beloved principal, Dr. George Lauterbach, originally planned a career in politics; however, after narrowly escaping an autograph crazed mob in the Lincoln Memorial, George shaved off his beard and took up education.

We still love him even if he didn't grow up in a log cabin and hope he stays at WRHS four score and seven years.

TRUANT OFFICER ROPES RUSTLER, Mr. Proctor hog ties Mrs. Covert as she tries to cut class. Mr. P. planned to compete at the stock show but he can not figure out how to shift his four-on-the-floor.

Pat Shirley, head of the secretarial pool, surrenders her sword to General Gene Wurtz as Don Pyle (disguised as a yankee) shows Mr. Wurtz he can count to one. "I can count to two," says Mrs. Johnson. Actually we are just kidding. The Agrarian would like to thank our administration and secretaries Mrs. Kendall, Mrs. Saylor, Mrs. Larson, Mrs. Johnson, & Mrs. Shirley for all their work and help. Thanks y'all.

THE ACTIVISTS

HOMECOMING 1975:

Before our great football team had a chance to defeat the Saints, the student body found themselves involved in various Homecoming activities.

Hall decorating opened the week and the Seniors, as usual, did an outstanding job.

Monday, students showed their "Spirit of '76" by dressing in basic red, white, and blue.

Next, the old West was reopened and dudes and gals dressed in their Sunday best and square danced in the lunch room of the Little Red Schoolhouse.

Wednesday, tourists invaded the halls and madly checked maps as cameras swung about their necks. Around the world in six periods, all expenses paid!

COLOR MY WORLD

Thursday, was the return of the 50's and 60's and Mouseketeers and Greasers danced to the sounds of Elvis.

Farmer day was celebrated on Friday and the assembly was filled by hundreds of farmers dressed in Union-Made Big Smiths.

The Saints were crushed by the Farmers brute strength, and the dance left everyone tired, yet happy. Homecoming is another milestone in the life of an average student. One that will always be remembered.

Karen McNulty, Carla Cerveny, Kathy Evans, Diane Sacrison

June '75 was an exciting month for 11 WRHS students. At State they were taught the way our government is set up and how it operates. They then set their own government. It was a great experience for all involved.

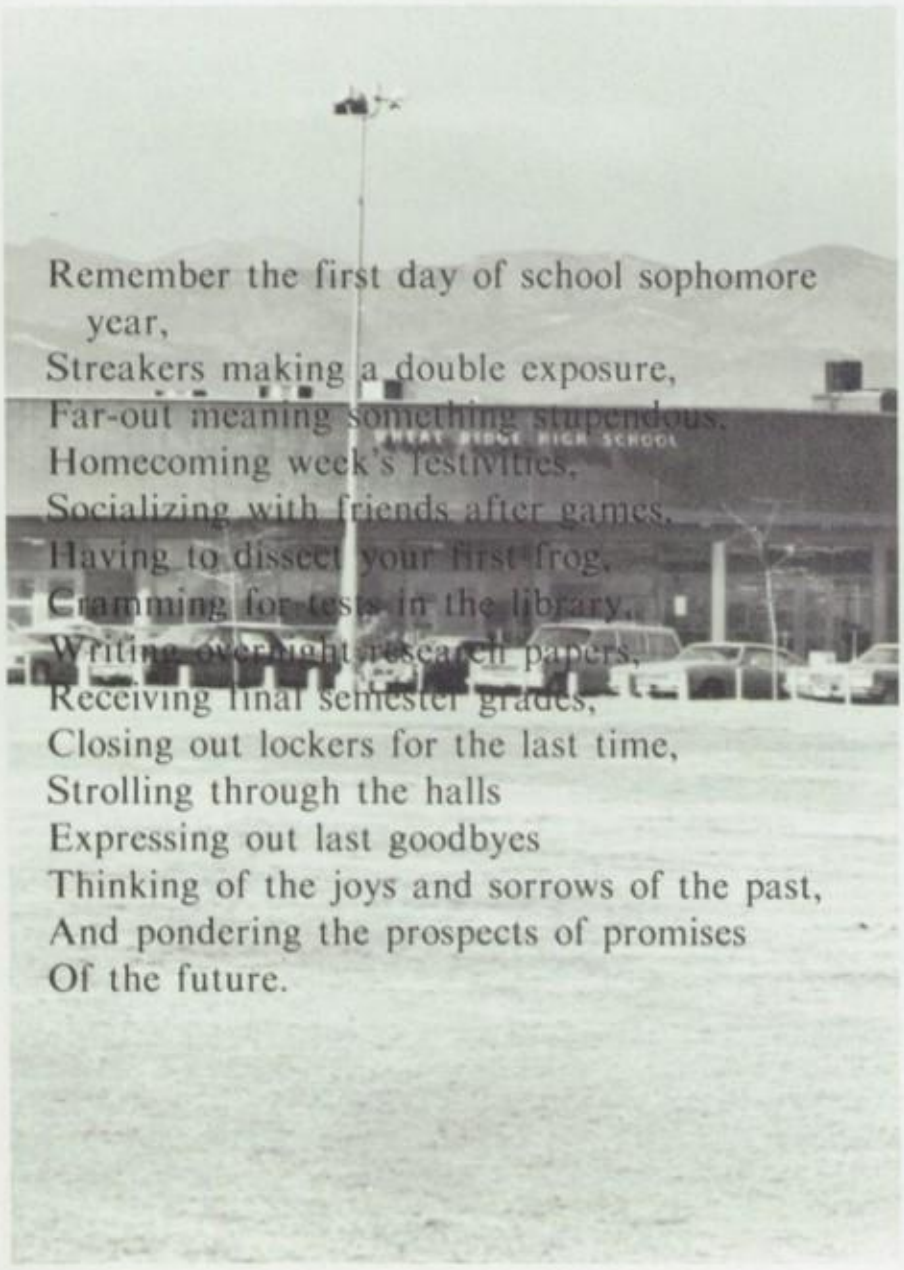
Thank-you Seniors for a really
good year
We hope your future ones are
like our first here
Juniors you made this year really
great
And for next year we can hardly
wait
As sophomores it is never too late
To carry on as our upper classmates.

Class of '78



Remember the first day of school sophomore
year,
Streakers making a double exposure,
Far-out meaning something stupendous,
Homecoming week's festivities,
Socializing with friends after games,
Having to dissect your first frog,
Cramming for tests in the library,
Writing overnight research papers,
Receiving final semester grades,
Closing out lockers for the last time,
Strolling through the halls
Expressing out last goodbyes
Thinking of the joys and sorrows of the past,
And pondering the prospects of promises
Of the future.

EDITOR'S FAREWELL

It would not be right to publish a yearbook in 1976 and not mention something about the bicentennial/centennial of our country and our state. Americans did with these birthdays as we do with everything else, we over--commercialized them. In the midst of all this, one needs to take a step back, look, and laugh to keep things in their proper perspective. This is the essence of this AGRARIAN--a light look at the history of this year at Wheat Ridge. Traditions of the AGRARIAN have been broken, as well as kept in this book, because besides an end of 200 years this is also the beginning of the next.

In appreciation I would like to thank this year AGRARIAN staff. The hours and energy put in by these people cannot be measured. A big! THANKS! goes to the leaders of the staff. The lay-out editors:--Ann, ("30 pages! By tomorrow??!); Shannon; ("But you can't have anymore activities, we don't have any pages left!"); Steff, ("I work better under pressure ...at least I hope I do!"). The business manager: Cindy, ("You've got to be kidding, we can't need that much money!"). The head photographer: Paul, ("No, I can't go take pictures at yesterday's game!"). Sponser Seymour along with his growing "ulcer" has gained the respect and thanks of the staff, ("OK staff let's get to work, gee, I love that kind of talk!").

The school year draws to a close and the time has come for students to rid themselves of their old class standing and take on a new. Seniors, especially must face a new life and not cling to an old one. The AGRARIAN wishes the best of luck to all seniors as they attempt to move on and to the sophomores and juniors in their remaining years at WRHS.

As 200 years of America and 100 years of Colorado have past into history, so has the 1975-1976 year at Wheat Ridge High. I hope this book will provide you with many a happy reminisence, for that was its purpose.

Pat Wendler
Editor-in-Chief

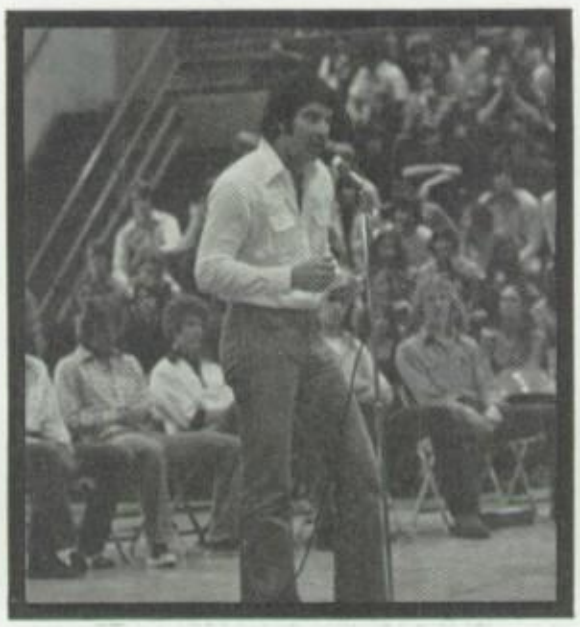
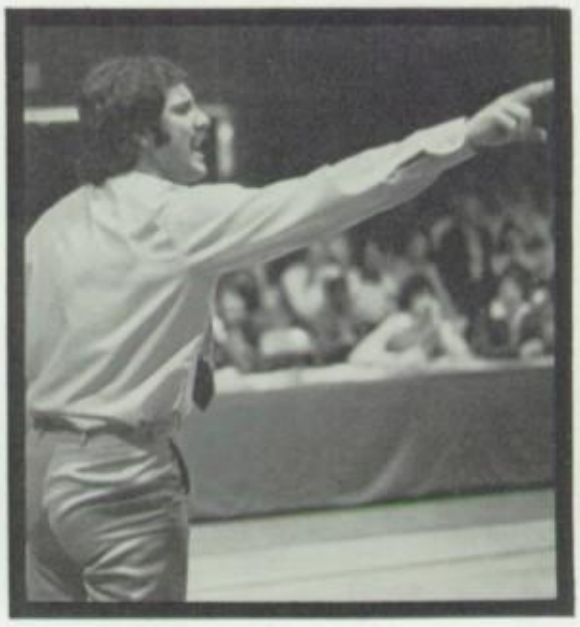
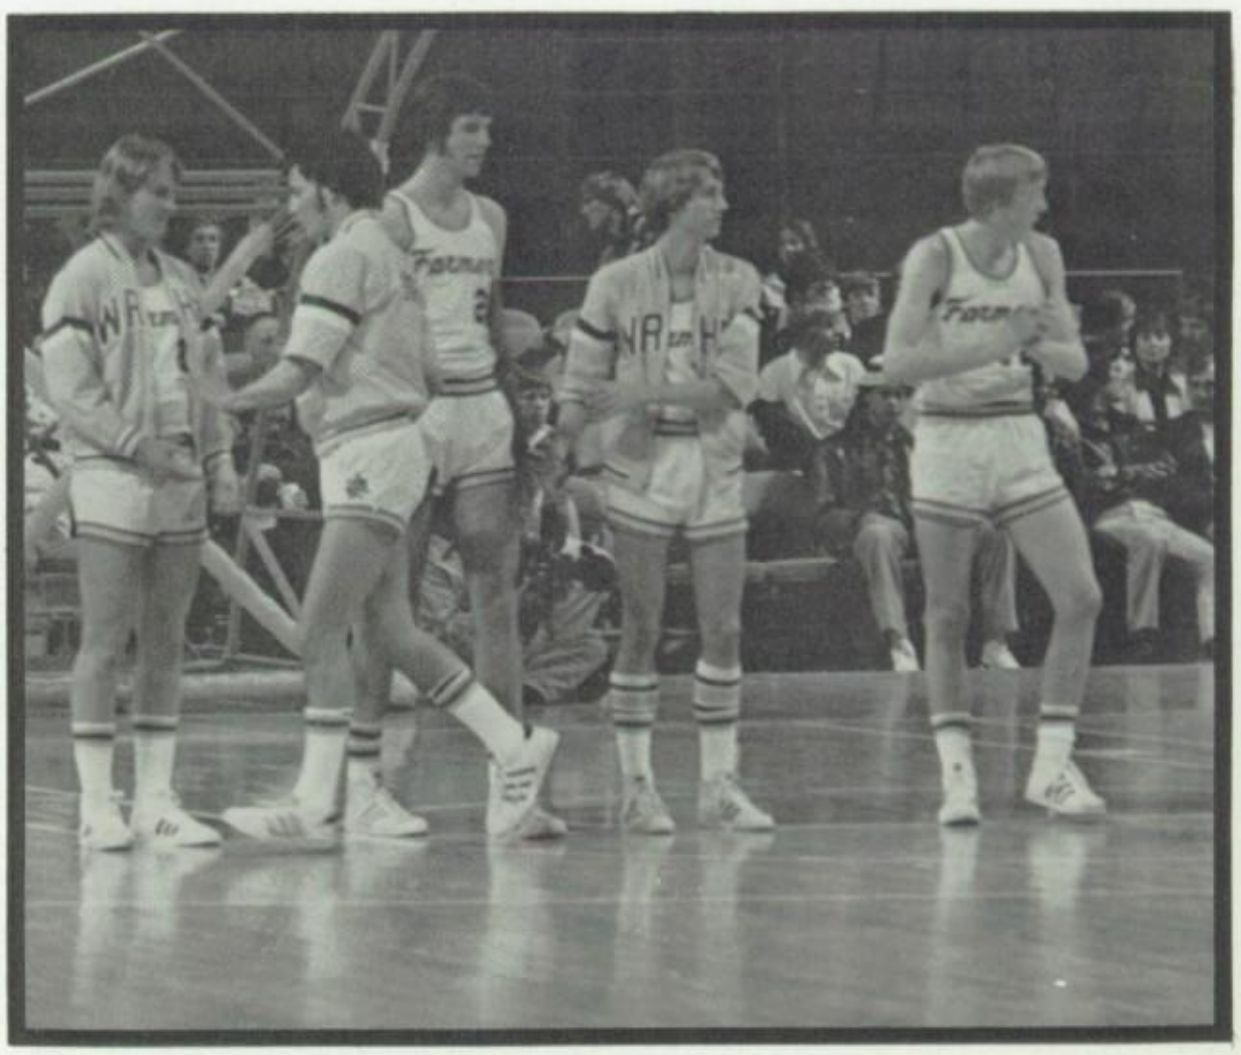
STATE BASKETBALL







For the fifth year in a row the WRHS Farmers took the floor in The State Basketball Tournament. The familiar cheers and a new chant rang thru McNichols. DREW... DREW...DREW...DREW ...Andrew Head, who earned first team all state and MVP during the county tourney lead the way with our other starters Austin, Neal, Weiskoph and Storrs to a fourth place this year.

Coach Mike Frink has established a strong record in his years at WRHS and the Agrarian wishes him luck in his new job as assistant coach at The University of Hawaii. So long, Mike, and when you get a chance "Come back, Shane!"

Prom is also a time of goodbyes. The Juniors bidding so long and good luck to the Seniors. Prom is a reminder to all of us that we will soon be saying goodbye to the current school year. Some special farewells go to Mike Frink who is on his way to Hawaii and Steve Bell who will be the new Head Football Coach at North Glenn High School. We also get a chance to say a special Hello and welcome home to Norman Hanne who spent the year studying in Hannover Germany. Norm enjoyed his year away; specifically, the no speed limit driving and traveling on the railroads or "Strassenbahns", the German girls, German beer and German food. "I gained 18 pounds!"

SPIRIT OF '76

After hoping for Red Rocks Park, the class of '76 graduated in the WRHS gymnasium as have previous graduating classes. Unfortunately the evening ended with flying objects and dismayed Jefferson County administrators. Nevertheless, the classes of '77 and '78 would like to wish the seniors fortune and prosperity in their future years.

Valedictorian:
Lauren Mullineaux
